Mex Landscaping is amazing! My place looks beautiful after they are there. Also, Mel sends me pictures since I'm not there which I really appreciate! I didn't even ask him to, he just does it. I cannot say enough how good and professional this business is and I'm so glad I called them for my landscaping!

Mex Landscaping not only did a great job, but when a time slot opened up earlier, they got the job done a week ahead of time! A month later, it still looks great!
